

Memorandum

TO: Members of the Delta Vision Committee

FROM: Mike Chrisman, Secretary for Resources and Chair, Delta Vision Committee

DATE: February 23, 2007

RE: Appointment of Delta Science Advisors

Executive Order S-17-06 requires the Delta Vision Committee appoint "Delta Science Advisors" to support the work of the Committee and of the Delta Vision Blue Ribbon Task Force.

To satisfy the Executive Order and to make this important science advisory role available to the Delta Vision Blue Ribbon Task Force, which holds their first meeting March 1 and 2, I am appointing two individuals as Delta Science Advisors:

- Mike Healy, Lead Scientist, CALFED
- Jeff Mount, Chair, Independent Science Board

These appointments incorporate existing structures for bringing scientific expertise to related policy issues into Delta Vision, ensuring a common understanding of the science informing policy choices.
